

- Indoor, outdoor and rooftop models.
- Wide range of airflow and static capacities.
- Easy installation and service.
- ARI certified performance data for efficiency and cross leakage.
- UL tested flammability and smoke generation that meets NFPA 90A and 90B test standards for commercial applications.
- Ten year core warranty.

RenewAire means *Trouble-Free* ERV.

RTC™ - Roof Top End Connect Systems

The RenewAire RTEC family is the smart way to provide efficient, balanced ventilation when using rooftop packaged air conditioning units.

- Easy connection to many brands and models up to 25 tons.
- No roof penetration for ERV.
- Factory provided transition and return air scoop ensures weather tight connection and low return air mixing.
- Plate technology allows reliable operation where wheels have balancing problems.

Typical Application of RTC Units
