

ARE YOU PROVIDING TENANTS WITH THE **HEALTHY & GREEN BUILDINGS** THEY WANT, AND YOU NEED?

DEMAND FOR GREEN BUILDINGS DOUBLES EVERY THREE YEARS

DESIGN GREEN WITH RENEWAIRE ERVs CREATE HEALTHY OCCUPANTS & HAPPY OWNERS

BENEFITS OF ENERGY RECOVERY VENTILATORS

FOR TENANTS:

- Enhanced Indoor Air Quality (IAQ) could **save up to \$200 billion in worker performance and \$58 billion in lost sick time**—ERVs enhance IAQ
- **Worker productivity can be improved by 6%** when air pollution levels are rated as good by the EPA
- ERVs optimize energy efficiency, which can **reduce ventilation energy costs by 65%**

FOR BUILDING OWNERS:

- **ERVs lower capital and operating costs** by downsizing HVAC equipment
- **ERVs preserve structural integrity** by controlling humidity
- ERVs are essential to green buildings, which can grow: **LEASE POTENTIAL BY 20%, ROI BY 19% AND BUILDING ASSET VALUE BY 10%**

INSTALL RENEWAIRE ERVs AT THE CORE OF YOUR GREEN BUILDING
